FOREWORD

This book is the result of considerable research work, completed this summer, to produce an accurate record of rural Divide County people, who are living on the farm. A map in the center of the book makes it an easy job to pin point any farm. The book is given free to anybody living within the county, as a courtesy of the merchants who have purchased advertising space. Extra copies are available at \$1.00 each. We hope you enjoy and make good use of this publication.
