AMYOT, AMIOT, AMYOTT, AMIOTT, AMYOTTE, AMIOTTE, VILLENEUVE

I'm certain there are families, with the surnames mentioned above, who live  
in the West. I would like to communicate with any of you about your ancestry  
and history. Most of us, if not all, descend from Philippe Amyot and Anne  
Convent who are officially recognized as being among the "first pioneers" to  
successfully establish the first permanent colony in New France which is now  
known as Canada. Hoping to hear from you.
